Relationships and Sexuality Education (RSE) Policy Caherelly N.S.

Introductory Statement & Rationale

This policy statement is an approved approach to the teaching of RSE in Caherelly National School. It was developed to inform teachers and parents as to what material is covered in the RSE programme within SPHE.

School Philosophy/Ethos

Caherelly National School is a co-educational school. His Grace Archbishop O' Reilly is the Patron of the school. This RSE policy reflects the ethos of our co-educational Roman Catholic primary school. Within the school environment the members of Caherelly N.S. aspire to help children develop to their full potential in their emotional, physical, spiritual and intellectual capacities in a positive learning environment. We encourage the development of self-esteem, consideration and tolerance of others to the benefit and fulfilment of all involved in the school.

Definition of RSE

RSE aims to provide opportunities for children to learn about relationships and sexuality in ways that help them to form values and establish behaviours within a moral, spiritual and social frame work. It is an integral part of the Social, Personal and Health Education and is taught in this context. RSE aims to help children learn, at home and in school, about their own development, about their friendships and relationships with others. This work is based on developing a good self-image and self-esteem and providing them with appropriate information.

RSE in the context of our SPHE programme

SPHE is a subject on the school curriculum that provides opportunities for pupils to learn basic personal and social skills which foster integrity, self-confidence and self-esteem while nurturing sensitivity to the feelings and rights of others. It is taught from Junior Infants up to 6th class. RSE forms part of this programme. It is a spiral curriculum which ensures that topics are taught in a developmental manner through the child's primary school years. SPHE aims to develop the child's emotional, moral, social and spiritual growth as well as their intellectual, physical, political, religious and creative development. The content of the school's SPHE programme covers a wide range of topics such as healthy eating, alcohol and drug awareness, environmental issues, safety and social responsibility as well as RSE.

Including RSE in the Curriculum

RSE is facilitated in the following ways

- in the context of a positive school climate and atmosphere
- in the context of an effective code of behaviour and anti-bullying policy
- as part of religious education

- as part of timetabled SPHE
- on an integrated cross curricular basis

Aims of our RSE programme

- To help young people develop healthy friendships and relationships
- To enhance the personal development, self-esteem and well-being of the child.
- To foster an understanding of, and a healthy attitude to, human sexuality and relationships in a moral, spiritual and social framework.
- To enable the child to acquire an understanding of, and respect for, human love, sexual intercourse and reproduction.
- To develop and promote in the child a sense of wonder and awe at the process of birth and new life.
- To enable the child to be comfortable with the sexuality of oneself and others while growing and developing.

Guidelines for the Management and Organisation of RSE in our school:

Content

We recognise that the parents are the primary educators of their children and that the home is the natural environment in which RSE should take place. The role of the school, therefore, is seen as one of support of the work of the home in this area. The content objectives covered will be taught as laid down by the Department of Education and Skills in the SPHE Curriculum 1999.

- RSE will be taught in all classes
- The SPHE/RSE curriculum will be of a spiral nature and all content objectives will be covered by the time children leave 6th class
- Questions arising from lesson content will be answered in an age-appropriate manner.
- All resources used in the teaching of the programme will be in keeping with the ethos of the school and in the spirit of this policy
- RSE will be delivered to the 5th and 6th class boys and girls by their class teacher. Parents of these pupils will have watched the Busy Bodies DVD with their children prior to the sensitive lessons being taught in the classroom.
- For an outline of the RSE programme - see Appendix I
- For the vocabulary to be taught in the sensitive areas - see Appendix II

School Policies and Curricular Plans which support our RSE

Traditionally, we are a child-centred school. The educational and emotional needs of the children in our care are central to our curricular planning and policy making processes.

- Grow in Love
- SPHE Curriculum
- Stay Safe Programme
- School's Code of Behaviour and Discipline Policy
- Anti –Bullying Policy
- Child Protection Policy
- Enrolment Policy
- Acceptable Use Policy
- Administration of Medicine Policy

In keeping with the sentiment and spirit of these policies, we informally support many of the aims on which RSE is modelled. We encourage good behaviour, open communication, understanding and tolerance of differences and respect for staff and others. We recognise that both pupils and staff have rights and responsibilities in our school. A sense of responsibility is fostered, and attention is paid to the well-being of all the members of the school community.

Timetabling

One half hour period per week is timetabled for each class for SPHE. RSE will be included in the programme taught during this time. It is envisaged that some aspects of RSE (including the sensitive issues), will be taught through a number of core periods while some material may be taught in a cross curricular manner. The “sensitive issues” of RSE will be taught in each classroom during the Second Term when possible.

Parental Involvement

RSE is an ongoing process throughout life. Parents are acknowledged primary educators of their children and the school work in partnership with them in a supportive role. Each year prior to implementation of the RSE programme parents will be informed when the teacher will begin to teach the programme. The curriculum books and resource materials are available online on www.pdst.ie and parents are welcome to view these if desired.

Withdrawal from RSE

Since RSE is an obligatory requirement of the Department of Education and Skills it should be inclusive. However, a parent's right to withdraw a pupil from themes pertaining to sensitive issues will be respected on the understanding that the parent is taking full responsibility for this aspect of education. Parents are obliged to

inform the school in writing of their decision to withdraw the child from the classes based on sensitive issues. The school cannot be responsible for any information which a child may receive outside the direct teaching of RSE lessons.

Pupils with Special Educational Needs (SEN)

Consultation with parents of pupils with SEN may be required. At the request of parents of pupils with SEN, the school will facilitate the teaching of the lessons on 'sensitive issues' on another occasion individually or in a small group setting. A variety of teaching methodologies may be required for some children.

Confidentiality and Child Protection

Where there is disclosure by a child of abuse, the school will follow the Department of Education and Skills child protection guidelines and guidelines as set out in "Children First".
